

High Adventure in Nepal

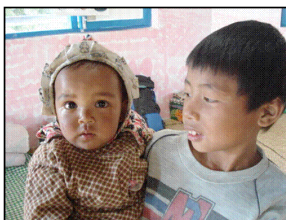

We just recently returned from a missions trip to Nepal known as the Hindu capital of the World. There we ordained eight Nepalese Pastors into the ministry to be church planters and bring precious Hindu lives into the Kingdom of God. This is a miracle in itself since just a few years ago there were few Christians and great persecution against them. Today is a different story. Christianity is on the rise in Nepal!

The Lord allowed us to minister in one of the largest Spirit Filled Nepalese Church in Kathmandu which is pastored by an Indian man named Joseph. The services were absolutely amazing as the Nepalese believers worshiped and prayed with a tremendous hunger. God poured out His Spirit on every believer in the meetings in a very powerful way!

We then traveled into the Himalayan Mountains to preach and minister to the Leper Communities and Slum Areas. It was a very humbling experience. The Lord really encouraged people through the preaching of God's Word. I personally found a new strength to love and minister to these people as God filled me with His supernatural love and compassion. My life has been changed because of this experience.

Amazingly, it was the converted Lepers that were responsible for starting most of the Christian Churches that are now thriving in Nepal. It just goes to show that if we will work to meet the needs of the people, God will accomplish His purposes in the earth.

Each time I travel to the Nations I get this feeling that we in the western world of comfort, luxury and fast pace living are out of touch with the actual time clock of God. This is the hour of His Coming! The Nations of the earth that were once covered in ignorance and darkness are now coming to the light of God's Love in a very rapid fashion. I believe these massive conversions of the nations are a fulfillment of scripture showing that the Second Coming of our Lord Jesus Christ is very soon! **Matthew 24:14 (NLT)** says *"And the Good News about the Kingdom will be preached throughout the whole world, so that all nations will hear it; and then, finally, the end will come."*

Remember that our primary purpose in this fast changing world is two fold; to know Him and to make Him known! If we will spend time with God and know Him then we will spend time making Him known to others! What we do for others is always birthed out of our relationship with Jesus.

I want to say a special thanks to all of you for praying for this outreach and my safe return. "Prayer Always Makes The Difference."
